## FREQUENTLY ASKED QUESTIONS (FAQs)

**Shared yachts  
with cabin charter**

**Private Yacht**

### What does "cabin charter" mean?

Cabin charters allow you to go on a yacht sailing cruise paying either for one bed or for one cabin. It's simple, fun and exciting (the most popular choice amongst our guests). We will place you on the yacht with other people.

### What criteria do you use to form the crews on the yachts that are shared?

The flotilla is made up of numerous boats and therefore it's possible to form homogenous crews (singles, couples, etc.). If your friends decide to book at another time, we could always add them to your boat. If the group has 8 to 10 people, you could have a private yacht.

### What do you mean by 'private yacht'?

For pre-formed groups, it's possible to have an entire boat at your disposal with 3, 4 or 5 double cabins and a skipper.

### Can we navigate in autonomy with a 'private yacht'?

Yes, of course! The boat can cruise in complete autonomy, allowing you to decide the daily program of the days or even personalize the itinerary (if compatible with the area of navigation, the weather and the skipper's approval based on decisions regarding safety on board). Yachts cruises have always meant freedom to us.

### What's the average age of the flotilla guests?

The average age is normally between 25 to 45 years old, but we've even had guests as young as 15 and as old as 70.

### Are yacht cruises safe for families with children?

Yes, of course. Families with children usually have different needs and so they often choose the private yacht or shared yachts with other families with children. They book in advance and we come up with a plan that fits their needs. The itineraries that are chosen are among the easiest, safest and most equipped in the Mediterranean. Children are always thrilled by life on board and by the bays and natural parks that they visit while on our cruises, making their experience unique.

### What's included in the price?

The price includes the cabin, skipper, dinghy with outboard, gas, final cleaning of the boat, sheets, pillowcases, blankets, boating taxes.

### What's not included in the price?

The pantry goods, fuel (diesel) and possible port taxes. A common pool of funds will be generated for such expenses (usually €80 - €100 per person per week) which will also cover the skipper's part. Administration fees. (35 eur per person).

### Who will manage the common pool of funds?

The common pool of funds will be managed by the guests who will nominate a "treasurer" who will be responsible for payments.

### Who will be responsible for the pantry?

The pantry is usually taken care of by the skipper, treasurer and another guest. The skipper has experience with the pantry and can suggest what to buy.

### What will we do during the day?

The navigation and itinerary are concentrated in areas so that the stops are near each other. We'll take a break for lunch as well as for a snack before swimming and we'll then arrive at the bay or marina by evening. We'll always find the time for a dinner in a typical fishermen's inn, as well as for a dinner under the stars or a cocktail at sunset.

### Will the itinerary always be the same or could it change?

The itinerary is more or less what you see in the program. However, it could be modified based on weather conditions or if the skipper agrees to change it. Guests who have a private yacht can decide their itinerary or daily programs in autonomy.

### Will we spend the night at anchor or in a port?

Guests usually prefer to spend the night at anchor, but on average one or two nights a week are spent in a port so guests can eat out in a local restaurant, explore a village, fill up the pantry with local foods or stay in a safe area in case of adverse weather conditions.

**Is it possible to fish on board?** Yes, but for some areas (ex. Croatia) it's necessary to have a permit that costs about €80.

### Who are the skippers?

They are professionals and sailing instructors. They all have been trained by ASD Skipperarmatori and they are members of the National Sport Association UISP.

### What are the skipper's duties and responsibilities?

The skipper is responsible for conducting the boat and for the safety of the guests, so it's a good idea to listen to his advice. His duties do not include cooking and cleaning the boat; the guests usually take turns cooking and cleaning.

**Where does the skipper sleep?** The skipper usually sleeps in the dinette which is the central "living room" of the boat.

**Do guest need to have sailing knowledge to participate in a cruise?** No, the idea of our cruises is to instill enthusiasm and love for sailing in our guests. That's way the skipper are also sailing instructors.

### Is it possible to steer the boat or will the skipper get jealous?

For the enthusiasts and the curious, the skipper will be very happy to give sailing lessons to the participants, steering included!

### What equipment do you suggest aboard?

A rain jacket or windbreaker, rubber shoes, a light and heavy sweatshirt, cotton shirts, a bathing suit, socks, a tracksuit, a small towel, a bathrobe, a beach towel, a cotton hat with a visor, a backpack or a beach shoulder bag, sunglasses, a cell phone charger (220 V), various types of medicine, a mask and flippers. On board we have a 220 V outlet (European) to charge your electronic devices so it will not be necessary to bring any particular adapters. If your suitcase weights more than 10 kg, it means that you brought too much!

### What should I not forget?

A gift for the skipper, some local culinary good from your area, which will be happily shared with other guests.

### What would you consider useless items?

High heel shoes and fancy clothes, inflatable mattresses, swimming boards and life jackets (there are some on board), greasy lotions with perfumes (they attract bees and wasps).

### What type of luggage should I bring on board?

Better to avoid rigid bags and suitcases (they're hard to stow on board) unless they are small (such as small beauty cases).

### Are pets allowed on board?

Only if you book a private yacht.

### What's the weather like in summer?

It will be hot and dry with temperatures ranging between 24°C to 35°C with very little precipitation. It's useful to have a sweatshirt when you are on board when it's windy or under the moonlight.

### Is it possible to use my cell phone on the boat?

Yes, the GSM coverage is quite good on the islands, so you'll even be able to telephone during navigation.

### When can we start boarding?

The yacht can be boarded between 16:00 and 24:00 on Saturday. Departure is scheduled for Sunday morning before 10:00.

**When must we leave the boat?** We return to the marina on Friday evening, and guests must leave the boat before 10:00 on Saturday morning.

### If we depart on Sunday and come back on Friday, we only have six days of navigation. How come?

The first night is spent at the base for a few reasons: the boat is checked and prepared, the pantry gets stocked, customs formalities are taken care of and the cabins are assigned. It's also a good moment to get familiar with the boat, meet the skipper and the guests you will share the boat with.

### Can I leave my car at the marina in Zadar or Split?

Yes, there is a guarded car park. You don't have to reserve a spot. It costs €10/day.

### What documents do I need to board in Croatia?

A valid identity card.
